## Describe How the Program Supports Family Connections

Heritage Children Services requires all foster families to support biological family involvement as allowed and approved by DCBS. HCS provides our youth numerous opportunities to maintain contact with biological family members. These opportunities may include biological family visitations, telephone calls, writing letters and family therapy. Additionally, HCS invites and encourages biological family participation in treatment team meetings, medical appointments, and school meetings. HCS is committed to supporting family connections as they play a vital role in our youth's treatment and, potentially, family reunification

## Special Interventions Available Internally

Heritage Children Services has the best clinical staff and direct service staff in Ky that are highly trained in trauma focused care that are available 24/7 for crisis intervention and services.
