The home at Kearney Ridge is a specialized group home designed to care for up to 3 children/youth with a primary diagnosis of autism spectrum disorder or intellectual disability or a combination of similar mental health disorders/diagnoses. Whenever possible we provide 1:1 staffing due to the supervision and developmental needs of the youth in our program. Referrals for this program may come from DCBS Central Office, CRP RPCs, MCOs or psychiatric hospitals.

Psychiatric Services

Stephanie Stockburger, MD is available in our office twice per month as part of a UK satellite pediatric clinic to oversee the medical needs of the youth in the CCC program. Psychiatric/Medication Management services are provided in-house by Zachary Cornett, APRN. If a client has a psychiatric medication need that cannot be met by one of our current providers our medical team will work to find and initiate services with an appropriate provider.

SERVICES AND OUTCOMES**Safety**

Number of Substantiated Abuse Allegations in the Past Year: 0			
Total # of Bedrooms:	3	Percentage of Direct Care Staff Trained in Physical Management	0.0%

Well Being

Does this program have a PCC Foster to Adopt Agreement?:	No	Educational Disruptions in the Past Year:	0
Adoptions by the Program's Foster Homes in the Past Year:	N/A	School Changes in the Past Year:	0

Describe How the Program Supports Family Connections

Key Assets involves families in the treatment of the youth in our care to the fullest extent possible. Specifically, when deemed appropriate by DCBS, we invite families to be active participants in our Key Care/Treatment Planning meetings. Key Assets provides multiple opportunities for communication via phone/FaceTime, Skype and on-site visits in addition to providing transportation to visits and supervise visits as needed.

Special Interventions Available Internally

Individual and group therapy is available and provided by Qualified Mental Health Professionals. Key Assets also has two BCBA's on staff who provide ABA services and supervision to RBTs. ABA providers complete Functional Assessments which are then used to develop and help the group home staff implement Positive Behavior Support Plans. Once the plan is implemented ABA providers continue to provide support and training to the youth and group home staff to help youth reach their goals. Youth who qualify for Speech/Language and Occupational Therapy will be referred for these services. Key Assets has a medical team consisting of an RN, a CMA and an SRNA who oversee medical appointments and issues related to medication management. All Key Assets staff have received training with a focus on being a trauma-informed agency. Key Assets has obtained QRTP status.
