Treasure Home specializes in providing residential treatment in a community setting for youth who are lower functioning or delayed socially/developmentally. All clients have an Masters level in-house therapist. In addition, they are assigned an in-house Treatment Team Coordinator. Some youth attend public school and others attend the Maryhurst campus school. Some youth who have earned their GED or graduated participate in day programming to enhance independent living skills development.

**Psychiatric Services**

Maryhurst has a contract with Dr. Sunil Chhibber to provide psychiatric care for our youth. The psychiatrist or the APRN, Shannon Williams, are on campus each week and is available by phone for emergencies 24 hour/day seven days per week basis. Typically a newly admitted youth sees the psychiatrist/APRN within the week after admission, but no longer than two weeks after admission. The psychiatrist/APRN meets with members of the treatment team each month and is available for consultation on an as-needed basis.

## Describe How the Program Supports Family Connections

Program staff work to involve families in treatment planning and assist in transporting to visits with family as needed. Clients are encouraged to maintain contact with their families. The Treatment Team Coordinator is the primary contact with families.

## Special Interventions Available Internally

Youth are assigned a staff mentor at admission to help acclimate and support the youth throughout her stay. The staff are very focused on implementing a trauma-informed care model of treatment with clients and have seen incredible results. The staff are committed to "hanging on" to difficult clients and to breaking down the steps for them so that they can achieve success. A number of these clients transition to SCL placements and the team is proficient at helping them apply or and prepare for that transition.
