Describe How the Program Supports Family Connections

Independent living is an extension of services along a continuum of care offered to older youth / adolescents who are nearing the age of majority and the end of their placement status. For these youth a positive start to life on their own is absolutely ESSENTIAL to a positive life outcome. Necco's independent living program meets young people where they are in life and focuses on skills that promote self-reliance, good citizenship, responsibility, and self-esteem.
