Necco is a family company that serves at-risk youth through therapeutic foster care, alternatives to secure detention, independent living, in-home, mental health, parent education programs and more. We believe in harnessing the power of a strong family, experienced staff, and a robust community to make a positive and lasting difference in a child's life. Working with foster parents, state workers, service providers and community resources we provide a holistic approach to children's services that stands to benefit not only the child, but the community as a whole. Our therapeutic foster care program currently provides treatment foster care placements for youth ages birth to 21 years and includes: intensive in-home case management, comprehensive treatment planning, 24-hour emergency assistance & ongoing support, after school and summer programming, independent living programming, mental health evaluations, individual and group therapy, frequent outings for foster families and experienced, helpful, friendly staff including licensed therapists and other professionals. We serve a wide range of youth populations including the most difficult children and those with a history of severe mental health issues and/or criminally delinquent behaviors. We strive for a 24-hour response on all referrals and are always willing to assist with emergency referrals 24/7.

## Describe How the Program Supports Family Connections

At Necco....We Build Families! We know the Power of Family and we work with each youth to strenghtne family bonds and connections. Each youth has a permanency plan as part of their individualized treatment plan. Not all youth are able to return to their biological parents or even a biological family member's home, but we seek to strengthen family bonds (parents, grandparents, siblings, aunts and uncles, cousins, etc.) whenever possible. We work with the youth's state worker, foster parents, and family to provide face-to face visits (supervised and upsupervised as ordered), telephone contact and home visits (as allowed). The youth's treatment plan includes (as individualized to need and circumstances) goals and objectives related to strengthening bonds with family and other pro-social adults. Family counseling is provided as incidated by each youth's treatment plan. In the Grayson office, parenting classes are also offered to biological family members as an additional support.

## Special Interventions Available Internally

In addition to weekly case management services, treatment planning, and 24-hour crisis support, Necco provides a wide range of specialized therapy interventions. Our highly trained clinicians work alongside case managers, state workers, foster parents, and other stakeholders to provide quality services that include goal-directed, psychosocial treatment and support to youth and their families. For the Grayson, KY location specialized interventions available internally include: crisis interventions, random drug screens, working with youth victims of domestic and family violence, sexual abuse victims, substance abuse, reactive attachment disorder, family group decision making and critical stress debriefing, case management, PTSD, ADHD, conduct disorder, ODD, depression and other mood disorders, and psycho-educational training available to foster parents as needed.
