## Describe How the Program Supports Family Connections

At Necco . . . We Build Families! We know the Power of Family and we work with each youth to strengthen family bonds and connections. Each youth has a permanency goal as part of their individualized treatment plan. Not all youth are able to return to their bio parents or even a bio family member home, but we seek to strengthen family bonds (parents, grandparents, siblings, aunts and uncles, cousins, etc.) whenever possible. We work with the youth's state worker, foster parents and family to provide face-to-face visits (supervised and unsupervised as ordered), telephone contact and home visits (as allowed). The youth's treatment plan includes (as individualized to need and circumstances) goals and objectives related to strengthening bonds with family and other pro-social adults. Family counseling is provided as indicated by each youth's treatment plan.
