Supplemental Information

At Necco, We Build Families! We know the Power of Family and work with each youth to strengthen family bonds and connections. Each youth has a permanency goal as part of their individualized treatment plan. Bio Families are invited to treatment plan meetings and encouraged to be engaged in the treatment planning process. We seek to strengthen family bonds and connections (parents, grandparents, siblings, aunts and uncles, cousins, etc.) whenever possible. We work with state workers, foster parents and family members to provide face-to-face bio family visits (supervised and unsupervised as ordered), telephone contact and home visits (as allowed). The youth's treatment plan includes (as individualized to need and circumstances) goals and objectives related to strengthening bonds with family and other pro-social adults. Family counseling is provided as indicated by each youth's treatment plan to work toward family reunification as appropriate. We will accept youth that do not have a high school diploma or GED (we will assist the youth with obtaining once in our program). All IL staff have been trained to complete the ASAP suicide assessment All therapeutic staff can complete substance abuse (PADDLE) and domestic violence assessments for IL youth as well as offer C.A.R.E. skill training (Child-Adult Relationship Enhancement

Psychiatric Services

All Youth in our IL Program receive a Mental Health Screening at intake to assess for mental health and psychiatric needs. Necco Staff link Youth with local physicians and/or onsite Psychiatrist for medication management needs. Youth are typically seen within 30 days of placement and/or when their prescription requires an appointment for monitoring or assessing. Necco Staff monitor and support Youth to ensure consistent medication management and psychiatric services.
