At Necco, We Build Families! We know the Power of Family and work with each youth to strengthen family bonds and connections. Each youth has a permanency goal as part of their individualized treatment plan. Bio Families are invited to treatment plan meetings and encouraged to be engaged in the treatment planning process. We seek to strengthen family bonds and connections (parents, grandparents, siblings, aunts and uncles, cousins, etc.) whenever possible. We work with state workers, foster parents and family members to provide face-to-face bio family visits (supervised and unsupervised as ordered), telephone contact and home visits (as allowed). The youth's treatment plan includes (as individualized to need and circumstances) goals and objectives related to strengthening bonds with family and other pro-social adults. Family counseling is provided as indicated by each youth's treatment plan to work toward family reunification as appropriate.

Included/Excluded Populations**Gender Accepted:** Both **Age Range Accepted:** 0 to 20 **LOC Range Accepted:** 1 to 3 **Minumum IQ Accepted:** 50**Client History at Admission**

Psychiatric Services

All Youth in our program receive a mental health screening on date of intake to assess for immediate mental health and/or psychiatric needs. Necco staff coordinates with local physicians and psychiatrists to provide medication management services for the youth we serve. Youth are typically seen for medication management services within the first thirty days and/or when their current prescription requires an appointment for medication monitoring or assessing. Foster parents are trained in Necco's internal medication management curriculum. Necco staff monitor and support the youth and foster parent to ensure that medication management and documentation is consistent. State workers and bio families (when appropriate) are notified of medical/mental health appointments and medication changes.

SERVICES AND OUTCOMESSafety

Number of Substantiated Abuse Allegations in the Past Year: 0

Describe How the Program Supports Family Connections

At Necco . . . We Build Families! We know the Power of Family and we work with each youth to strengthen family bonds and connections. Each youth has a permanency goal as part of their individualized treatment plan. Not all youth are able to return to their bio parents or even a bio family member home, but we seek to strengthen family bonds and connections (parents, grandparents, siblings, aunts and uncles, cousins, etc.) whenever possible. We work with the youth's state worker, foster parents and family to provide face-to-face visits (supervised and unsupervised as ordered), telephone contact and home visits (as allowed). The youth's treatment plan includes (as individualized to need and circumstances) goals and objectives related to strengthening bonds with family and other pro-social adults. Family counseling is provided as indicated by each youth's treatment plan."

Special Interventions Available Internally

Necco offers a 24 hr crisis support for youth and families. Necco has well trained staff that will assist youth and families resolve crisis situations. Necco provides services that are goal directed. In addition to weekly case management services, treatment planning and 24-hr crisis support, Necco provides a wide range of specialized therapy interventions. Our highly trained counselors, clinicians and therapists work alongside case managers, state workers, foster parents, and other stakeholders to provide quality service that include goal-directed, psychosocial treatment and support to youth and their families
