Psychiatric Services

RISE Campus provides psychiatric services through a contracted partnership with licensed community mental health providers. Psychiatric evaluations and medication management are coordinated through Mindful Pathways, a community-based provider specializing in youth and family behavioral health. Upon admission, each youth is screened for mental health and medication needs by the on-site clinical team. Referrals for psychiatric evaluation are made immediately if a youth is currently prescribed medication or exhibits symptoms indicating the need for psychiatric assessment. Youth are typically seen by the psychiatrist within 7–10 days of admission, sooner if clinically indicated. Ongoing psychiatric follow-up, medication monitoring, and coordination with therapists and case managers are integrated into each youth's individualized treatment plan.
