# Well Being

Does this program have a PCC Foster to Adopt Agreement?.	No	Educational Disruptions in the Past Year:	0
Adoptions by the Program's Foster Homes in the Past Year:	N/A	School Changes in the Past Year:	69

#### Describe How the Program Supports Family Connections

Every other Sunday visitation. Staff assist in providing transportation for weekend furloughs. Family therapy is available either in person or via phone conference. Family phone calls, letters and regular contact with counselors are encouraged for family participation. Extra family visits can be arranged during the final phase of our program through our Transitional Living Coordinator.

### Special Interventions Available Internally

Otter Creek recognizes the importance of putting skills into practice prior to re-entry to the community. As residents approach the final phase of our program they are moved to our transitional living unit on-campus and with our Transitional Living Coordinator. Treatment focus shifts from previously completed mental health goals, to increasing independent living skills and a successful transition back to the community. Youth are exposed to opportunities to effectively manage an increase in freedom and responsibilities, as well as managing finances and employment skills. These residents are also eligible for increased home visits when appropriate. Staff assist with transportation for extra visits and provide in home services when deemed appropriate. We also have an substance abuse treatment program coordinated by our Treatment Director and monitored by a LCADC. All residents attend monthly Prevention Groups in addition to individualized treatment.
