Psychiatric Services

The Bair Foundation seeks consultation from a Psychiatrist in the community. If recommended, the child should be seen by the Psychiatrist within 30 days of admission. Mental Health Services will be provided weekly or more frequent as needed by a therapist or Treatment Director on staff. The services will be overseen by The Bair Foundation and regular documentation of psychiatric appointments will be documented in each child's record. The DCBS case worker will be made aware of any medications that are prescribed with appropriate notice.

Describe How the Program Supports Family Connections

Foster families provide transportation to all scheduled visits with family members. Biological family members are able to be included in treatment plan meetings as well as family therapy sessions with our therapist. Foster families receive training regarding the promotion of reunification and coaching to hold the biological family in a positive regard.

Special Interventions Available Internally

Bair's therapist is trained in Trauma Focused Cognitive Behavioral therapy.
