Supplemental Information

Benchmark Family Services provides quality services including weekly therapeutic case management and monthly visits within the foster home. We provide 24-hour crisis intervention, in-house therapeutic services, and in-house psychiatric services. Our goal is to provide stable placements for youth, and we strive to have an 80% favorable discharge rate each month. We focus on placement preservation and disruption prevention by adding additional interventions in the home as needed. Benchmark works closely with DCBS to provide detailed, monthly documentation regarding progress towards goals and overall wellbeing. Each youth placed with our agency receives a thorough psycho-social assessment by our Treatment Director and any identified needs are addressed on the youth's quarterly updated treatment plan. We have a therapist on staff that utilizes Cognitive Behavioral Therapy, Play Therapy, Substance Abuse Counseling, and Motivational Interviewing. Benchmark Family Services is available 24 hours a day, 7 days a week for referral calls. We assist with transportation to and from placements, supervision of visits for placed youth, and arranging/supervising sibling visitations.
