**Supplemental Information**

Benchmark Family Services provides quality services including therapeutic case management services, 24 hour crisis intervention, and mental health treatment with a contracted psychiatrist and on staff therapists. Our goal is to provide stable and consistent placements to youth in care and will work with DCBS to prevent disruptions or unnecessary moves for children in care. Case managers provide detailed monthly Treatment Status Reports to the referring agency and include the referring agency in all treatment planning meetings. Each youth placed will complete a thorough psycho-social assessment by a qualified Treatment Director and identified needs will be addressed in the youth's treatment plan. Benchmark Family Services accepts referrals for placements twenty four hours a day, seven days a week. The Corbin office has three Therapists qualified to provide TF-CBT Therapy and one qualified to provide JSOCC counseling and play therapy.

## Describe How the Program Supports Family Connections

Benchmark works with the family and child to achieve reunification as directed by the DCBS worker. Family is invited to Treatment Team meetings, visitation and they receive a copy of the treatment plan each time one is updated. Foster children are encouraged to remain in contact with their parents. Family counseling is available as requested by DCBS.

## Special Interventions Available Internally

24 hour emergency phone available at all times for foster parents and youth, disruption meetings, specialized foster parent training as needed.
