## Describe How the Program Supports Family Connections

We offer transportation and support to birth relatives for visitation with IL youth when applicable. Family therapy too if needed.

## Special Interventions Available Internally

We will have the continuity of all the same treatment team staff to serve a youth entering IL from our TFC program. We have great resources and community connections to support the youth within the IL. In house therapists, mentors, consulting child psychologist, and psychiatrist if needed. We have also developed transportation connections and can secure a youth a car if needed.
