The staff at NECCO of Paducah have a wealth of experience working with youth that have high risk behaviors and severe emotional problems. Included among the staff are licensed social workers, certified social work counselor, a juvenile sex offender counselor and staff who hold master level degrees in psychology, human development, leadership and social work. NECCO of Paducah provides 24-hour crisis intervention, initial assessments, individual and family counseling, intensive case management services and on-going foster parent trainings. Staff coordinate services for our youth regarding academic, medical, vocational, family involvement and treatment purposes. Our staff can conduct intakes at locations convenient for the placing agency. This office has elected not to utilize Safe Crisis Management (SCM) restraint techniques.

**Psychiatric Services**

Necco staff coordinates with local physicians and contracted psychiatrists to provide medication management services for the youth we serve. Youth are typically seen for medication management services within the first thirty days and/or when their current prescription requires an appointment for medication monitoring or assessing. Foster parents are trained in Necco's internal medication management curriculum. Necco staff monitor and support the youth and foster parent to ensure that medication management and documentation is consistent.

## Describe How the Program Supports Family Connections

At Necco . . . We Build Families! We know the Power of Family and we work with each youth to strengthen family bonds and connections. Each youth has a permanency goal as part of their individualized treatment plan. Not all youth are able to return to their bio parents or even a bio family member home, but we seek to strengthen family bonds (parents, grandparents, siblings, aunts and uncles, cousins, etc.) whenever possible. We work with the youth's state worker, foster parents and family to provide face-to-face visits (supervised and unsupervised as ordered), telephone contact and home visits (as allowed). The youth's treatment plan includes (as individualized to need and circumstances) goals and objectives related to strengthening bonds with family and other pro-social adults. Family counseling is provided as indicated by each youth's treatment plan.
