**Either Sex Operational Bed Capacity:** 20 **Foster Homes:**

**Supplemental Information**

Sunrise Southern Bluegrass Region Foster Care - Danville has been licensed since 2007 and is just one part of a comprehensive continuum of care (which includes after care planning) focused on our clients and their families. Our program is licensed to serve the populations of foster care, therapeutic foster care, and foster-to-adopt, and we have experienced homes accepting large sibling groups and lower functioning children. We are expanding services every day to better meet the diversity of client needs. Sunrise is a place where clients can begin to feel safe, a place where they encounter adults who give unconditional love, and a place where they can begin to learn that the world can be a good place. Our program trains the entire treatment team in the Positive Discipline evidence based practice model we use and specializes in the individualized treatment approach that every client deserves. Our success is seen in the credentials and experience of our staff, the longevity of our foster parents, and the number of clients who have found forever homes through our foster-to-adopt emphasis across the Commonwealth.

## Describe How the Program Supports Family Connections

Our program therapist actively work with biological families in family therapy, when directed to do so by DCBS and the permanency goal is return to parent. It is our goal to support the family's success and healing once a child returns home. The support of a Family Connection is something we strive for in every client's life and permanency, and is addressed from the minute a client is referred and admitted to our program. The biological family's input is vital to what we do in treatment. When families need our assistance, we work with them through flexible scheduling, counseling, supervised visitation, transportation, and other creative means of support. It is a privilege to be a guest in a family's life, and our staff expectation is to honor that privilege through respect of the family.

## Special Interventions Available Internally

Our full-time program therapist is an LPCA and is seeking TF-CBT certification. She has 4 years of experience working with children of abuse and neglect, with prior years of experience as a case manager. Our team also partners with The Ridge and Dr. Reisor for psychiatric services as well as other private psychiatrists in the community for medication management
